Outgoing president- Tara Lee

Thank you to everybody. I will be leaving the P&C. I didn't intend on becoming an executive office bearer but I couldn't help but want to help. I am really proud of the school and the community. Please continue to support the school in any way you can, it can only be its best when we all work together. I am very grateful to the other office bearers – I am sorry not all of them are here for me to thank – and thank you particular to David for staying in with me over the years. I wanted to make sure it was a place where everyone feels welcome and I hope that comes through.

Narelle Vazquez- we would like to say thank you for all your effort as President and before that as an office bearer. You have steered the P&C through some rocky times. You have listened to people and adapted. Thank you for being a leader and being responsive and always being available when we needed parent input. We do appreciate it.
