Chromebook Digital Learning Program – Year 7 2019

Dear Parent / Guardian

Access to technology is vital in a future-focused learning environment to move our education system into a 21st century model of teaching and learning. Northmead Creative and Performing Arts High School values these rich learning experiences and recognises the importance that students be equipped with the tools of 21st century learning. By facilitating our Northmead Creative and Performing Arts High School **Chromebook Digital Learning Program** it empowers students and gives them direct involvement in the way they use technology for learning.

Our **Chromebook Digital Learning Program** allows students to use their own Chromebook within the classroom for educational purposes. Using this technology provides students with the opportunity to research, work collaboratively and share information and ideas using 21st century tools such as the Google Suite of Apps for Education (GAFE).

Parents are required to purchase a Chromebook for their child's use with this program. All Chromebooks are required to be purchased through JB Hi-Fi Education Solutions, our school's partner who have provided our parents and caregivers with device purchasing opportunities for our Digital Learning Program.

JB Hi-Fi's package include:
